

Easy, efficient and fast solution for freeze protection or temperature maintenance of drums

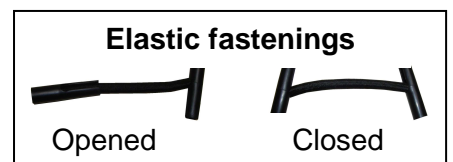

built-in thermostat : from +10°C to +70°C

- washable and watertight (IP54), can be used outside
- can be used in food and cosmetics industries (stainless eyelets)
- built-in thermostat : from +10°C to +70°C.
- homogeneous temperature (spreading effect of the aluminium foil)
- limited heat waste (fully insulated)
- Fast setting with elastic fastenings
- 2m length main supply cable
- Electrical safety with earth lead

Technical data

Drum size	Output in W (230V)
5 gallon	155
55 gallon	575

Other dimensions, outputs, voltages on request.
